

Healthcare Policy

Advanced, Liberal, 4 credits

Healthcare Policy is considered to be an advanced level knowledge that is liberal. It represents higher level theory and concepts that human service workers have acquired through applied practice. Advanced level knowledge indicates that you are able to use terminology, concepts, and theory in an applied way. Healthcare Policy is more often about why we do things (i.e., liberal) and not necessarily how we do things (i.e., non-liberal). At Empire State College, the Healthcare Policy course is offered at the advanced level.
